

Warranty for MI Amplification Products

MI Amplification (MI Audio Pty Ltd) amplifiers are covered by a limited lifetime warranty to the original purchaser only. The limited lifetime warranty covers any repairs required to bring the unit back to its original factory stock condition. It excludes freight to or from the factory, or authorized service depot. It does not include circuit updates, product feature upgrades, nor modifications. MI Audio Pty Ltd.'s obligation is limited to restoring the unit to the original product specifications at the time of manufacture. This limited lifetime warranty excludes abuse, vacuum tubes (valves), transformers, blown speakers, cosmetics, physical damage (such as water), shipping damage, or attempted repairs by anyone other than a MI Audio Pty Ltd authorized service facility or technician. Vacuum tubes are warranted for 90 days from the date of the receipt/invoice.

Repairs under warranty are based on the sole discretion of MI Audio Pty Ltd or its authorized agents. MI Audio Pty Ltd reserves the right to suspend a warranty, nor service any unit which, in our opinion, has been abused, modified, or improperly serviced by unauthorized personnel. The warranty is not transferable. A copy of the bill of sale must be provided to MI Audio Pty Ltd to insure a warranty is in effect.

Units being returned for service must be pre-authorized by the MI Audio factory. An R/A number must be provided by the factory, and must appear on the exterior of the package or we reserve the right to refuse the package upon receipt. COD's of any kind will not be accepted. MI Audio Pty Ltd is not liable for any freight or duty charges.

MI Audio Pty Ltd reserves the right to make any design changes without notice or obligation to products previously purchased.

Non Warranty Service:

Non-WARRANTY units being returned for service will be serviced at the current bench rate in effect at the time of repair, plus parts required.
